

HIPPO MB

MORE THAN A STANDARD SADDLE PAD

MORE THAN A PAD

HIPPO MB enhances the rehabilitative stimuli produced by the horse gait.

It is the Postural Pad, the result of a project carried out by multidisciplinary team, it has been thought, designed and manufactured to be modular, customizable and to ensure improvements in Hippotherapy.

It consists of an oval shape made up of an upper and a lower part and a series of modular positioning elements combined to properly fit, support and posture the user's body.

The cover of each component is completely removable and daily cleaning operations are simplified.

HIPPO MB provides comfort, safe support and the pelvis and trunk alignment in various positions.

SITTING POSITION

SUPINE POSITION

PRONE POSITION

WHY IT SHOULD BE USED ?

- ~ Promotes better posture and body balance
- ~ Helps to manage hip asymmetry
- ~ Ensures both the patient's safety and the horse's comfort
- ~ Prevents pathological patterns and possible lesions
- ~ Fits every horse's chest circumference
- ~ Improves the interaction between the horse and the patient
- ~ Facilitate the therapist's actions in maximising the therapeutic efficacy of the horse's stimuli perceived by the child
